December 30, 2024

Dear Pastor,

Greetings to you from Arlington, Texas. I arrived in the United States on December 20th for a six-month medical furlough. I am here to seek additional medical care since my condition is not improving as quickly as I anticipated. I did not leave Croatia to come "home" for medical care. I left my home in Croatia to seek medical care in the United States. I look forward to getting back home and getting on with the work God has called me to do.

My intention is to get the most comprehensive blood work done as possible to rule out anything else that may be working against my body. Then I need to obtain a complete workup at a neuromuscular clinic in the Houston, Texas area. Hopefully, they can figure out the source of the extreme pain I am in as well as the extreme muscle weakness in my legs. Once they can patch me up, I will return to Croatia and continue the work I have been given to do.

While here, I will continue to operate our free Bible website. I will be answering questions and harvesting addresses to forward to Pastor Telebar who will handle the mailing in Croatia. In addition, I post daily Scriptures on the site and many people come to read and comment. This will ensure everything is still active and fresh for when I return and start the Free Bible Promotions again.

Please pray that the medical professionals here can find a way to help me as soon as possible. Thank you so much for your faithfulness through financial support and prayers. Without you, this would not be possible. Having therefore obtained the help of God, I continue unto this day, witnessing.
